Article published on December 16th 2011 | Education

Canada is one of the countries which have a long the past of supporting boarding schools in their educational system. Though, the purpose of residential schools in the past has changed over the years, as well as the policies and methods involved in organization them. These days, Canada is home to hundreds of boarding schools. The type of schools also varies extensively because schools recognize the individual needs of certain types of students.

There are classic or customary boarding schools which are a lot like normal public schools except with additional academic units, outstanding facilities, and the fact that students live with school staff on campus. There are also therapeutic institutions which provide human being and group therapy as part of the academic program in organizes to help students who will benefit from extensive therapy. There are paraprofessional schools which focus on explicit subject matters and make available an extensive selection of related electives in order to bestow students an edge (like schools for music, dance, and sciences, etcetera). There are top boarding schools in Canada that also offers a safe and close-knit location where at-risk youth can be helped while also getting an education.

Here are a few examples of boarding schools Canada:

1. Albert College - One of the oldest traditional residential institutions in Canada. It's coeducational, college preparatory, and handles for children Kindergarten to Grade 12 students. The school also accepts a number of day school students along with boarding students. The school can handle a utmost number of 225 students at a time (100 of which are day students). The small number of enroll students assures that each class will be kept small.

2. Appleby College - A customary residential school for boys and girls grades 7 to 12. The regular class size is about 12 to 16 students per class. They also accept day student.

3. Brentwood College School - A coeducational boarding school for students grades 9 to 12 which focuses on athletics. This professional school has a very good record of produce fine athletes while also production sure they get high scores in placement exams and get admit to the best colleges in the country.

4. Halifax Christian Academy - A dutiful (Christian) boarding school which accepts boarding and day school students. The average class size is 18 students per class. This Christian boarding school aims to give a set of courses which not only gives excellent academics, athletics, and arts programs but also helps students be familiar with and live by biblical precept. The school hopes to help young citizens make the most of their God-given possible.

5. Pinehurst School - A particular coeducational boarding organization for students in grades 7 to 12. This establishment focuses on helping anxious teens with special needs. The average class size in this school is around 6 to 10 students per class. The institution provides students with a prepared curriculum and daily calendar in order to help them realize their full potential. Many students who don't do extremely well in traditional schools can find that this school may be competent to help them complete their full possible. Students of Pinehurst also have the advantage of a demanding outdoor program.
