Article published on June 8th 2012 | Education

Delhi is Indiaâ€™s capital city and also well renowned for its excellent educational institutes which are running under the supervision of government rules and regulations. Getting Education is comes under RTI act of Indiaâ€™s penal code. Play school provides the starting educational studies for the children between 2- 3 years old. In Delhi, we can find more then 1500 play schools and each one has its own qualities which make them distinguish with others.

The motive of many play schools in Delhi lays in providing the world class learning environments with scientific approach to create better learning in children during their childhood stage. Timely the good play schools are changing their methodology of teaching according to the deep analysis of each child brain capacity. Play schools trusts in creating an environment which inspires learning with the use of all the five senses through which child's social, emotional, cognitive, physical and language development are roused by multi-sensory experiences.

These experiences in the play schools make a child to realize and think then work or make it a habit. In general terms we can conclude Boarding schools as the second home to the children. Generally those parents who are staying very busy for almost times in their daily routine are looking for boarding schools as the best option for their better educational and personal growth for first 13 years of their age. Boarding schools in Delhi are providing all the facilities that include hygienic atmosphere, healthy and tasty food, proper medical aids and various other specific needs related to the studies.

The entire curriculums of boarding schools involve the discipline to be followed by each student there. The week ends of the students are generally being accompanied among the friends or family members which is comes under the rules of the boarding school. The schools are completely caring about the security systems for the students. Not only for academic excellence theses schools are providing good indoor and outdoor sports activities and recreational methods to students who wants to pursue this course in their academic syllabus or even for the hobby proposes.

We can categories boarding schools in three levels day boarding, residential boarding and weekly boarding schools that are giving education from primary classes to XII standards. The entire infrastructure day boarding schools in Delhi also facilities state-of-the-art, air-conditioned learning atmosphere to provide attention towards individual student. Most of the teaching and non teaching staffs are permanently staying in the schools campus to provide any sudden requirements of senior staff in the school.

Basically theses boarding schools are built on such places which are surrounded with good local atmosphere of the area. The area should be more peace full that rejuvenates the child mental and physical growth naturally. But off course the staff of the schools should be well experienced to handle any sort of child personality in the cool temperaments to make them a better student and individual.
