Conducive Environment of Schools in Ghaziabad by AndyOsa

Article published on August 24th 2012 | Education

Ghaziabad, a large city with number of education centers has gained its popularity both in and outside the city. This city has an average literacy rate of 70% and this rate is increasing rapidly. Schools are hence considered to be reliable and dedicated. Education system of Ghaziabad right from the normal schools to those providing vocational education is commendable because of their main focus on academic excellence.

Certain schools follow the code of conduct given by state board that falls under UP Jurisdiction while others are either affiliated to Central Board of Secondary Education (CBSE) or Indian Certificate of Secondary Education. Most of the schools follow bilingual system of education but ICSE board schools are exclusively English medium. ICSE Board Schools in Ghaziabad are completely reliable and along with theoretical studies they also include compulsory coursework assignments. In science and computers, major part of scores is calculated on their laboratory work.

The series of ICSE schools have experienced and trained teachers who look after the all-round development of the students with great care. Similarly CBSE Boards Schools in Ghaziabad also fulfills all the essential needs of tiny tots. Extra-curricular activities and sports facilities enable the students to work out and explore on their hidden talents that would help them to groom out their personality and become smarter. CBSE schools may be governed by government or private bodyâ€™s successfully imparting education to thousands of students in a year.

Some of the well-known institutes of the city comprises of Kendriya Vidyalaya, Ingraham Institute English School, DAV Public School, Bal Bharati Public School, Delhi Public School, K.D.B. Public School and Nehru Public School. Some of these schools also offer you with the facility of day boarding and residential boarding. This proves out to be a successful solution for the problems of parents who are working.

World schools in Ghaziabad offers proper transport facility and have also maintained their online profile so that parents may locate the schools more easily. Along with imparting quality education, world schools are also known for their standardized infrastructure and follow up of international structure of education in a traditional Indian manner. These schools are known for creating new history in the history of education. Schools have a dedicated and understanding fraternity of faculty with cozy and comfortable environment.

Along with day boarding facility, students are also provided with nutritious and healthy day meals prepared in hygienic conditions. Tight security and safety system helps the students to stay away from any unwanted disturbance and violence. Since the city has always been home for industrial sector, schools have lush green and pollution free environment. To conclude it can also be said that schools in Ghaziabad visions at conducive environment in order to build up knowledgeable, skilled and independent learners who are compassionate and emotionally strong to face the real challenges of life. They also evoke self-esteemed and disciplines students who gain and setback respect from and to other individuals.
