Educate Your Children, Bring Home Happiness by AndyOsa

Article published on August 1st 2012 | Education

Ghaziabad, the largest industrial city of Uttar Pradesh is also one of the neighboring cities of Delhi. The city is home to many small, medium and large scale industries. The city has shown an impressive change in its all round development in the past few decades. The city of Ghaziabad is economically sound and has well designed city structure and because of being an industrial city, the city has opened many job opportunities.

Beside development and other changes the city has one important factor behind its growing economy, and that is the good education institutes. The city is home to some of the great and well known Universities, colleges and schools. There are many coaching institutes are also there which help in entrance level education programs. Some known institute names are Ideal Institute of Technology, Ajay Kumar Garg Engineering College, Krishna Institute of Engineering and Technology, ABES Engineering College and Institute of Management Ghaziabad.

The schools in this city are CBSE and ICSE affiliated and are run either by some private body, organization or by government. School locations are near the residential locations. Most of the schools have proper transport facilities for students. As the city is an industrial hub so schools give proper care to the school and campus environment, to keep it green and pollution free. You could enroll for different types of schools as the city has schools for each and every age group may it be kindergarten, nursery level, preschool, primary one or the university level.
