Article published on December 5th 2011 | Education

Other than management, the other field of study that is thriving here in India is engineering. Mumbai being such a vibrant city is also an educational hub for students coming from all over the country. The city thus also boasts of top engineering institutes, with each of the institutes offering excellent placement opportunities for the graduates. If one is set to join the corporate world, then the first step would be to ensure enrollment in any of the engineering colleges in Mumbai, which is the financial capital of the country. The demand for standard engineering colleges has risen over the years, since engineering has become the top choice of study after the plus two level, which is why there has been mushrooming of various engineering colleges, not only in Mumbai but in other parts of the country as well.

To get through to any of the engineering colleges in Mumbai, one has to crack either the IIT JEE or the AIEEE and score meritoriously in the exams, because be assured, that the competition is going to be tough. The engineering colleges that are run by the government are ranked the best. Some of them include â€“ IIT Bombay, National Institute of Industrial Engineering, Veermata Jijabai Technological Institute, Aptech Computer Education, Mumbai University Institute of Chemical Technology and others. There are also private engineering colleges in Mumbai that are affiliated to the University of Mumbai. Some of them are â€“ A.C. Patil College of Engineering in Navi Mumbai, Bharati Vidyapeeth College of Engineering in Navi Mumbai, Don Bosco Institute of Technology in Kurla, Rajiv Gandhi Institute of Technology in Andheri, Xavier Institute of Technology in Mahim, Sir J.J. College of Architecture, Sarder Patel College of Engineering in Andheri and many more.

The engineering colleges in Mumbai can also be classified as the ones that offer full time engineering courses and some who offer part time courses. Usually students opt for the full time courses; only those who have to work and then pay for college opt for the part courses offered by the following colleges â€“ Bombay Technical School of Engineering, Datta Meghe College of Engineering, Government Polytechnic College, Lokmanya Tilak College of Engineering, Rizvi College of Engineering and many more. Of the engineering colleges in Mumbai that offer the full time course, the best are â€“ Atharva College of Engineering in Malad, K.J. Somaiya College of Engineering, Lal Bahadur Shastri Nautical and Engineering College, L and T Institute of Technology, Naval Institute of Technology and many more.

Students have to sit for the CET or the Common Entrance Test to enroll in the engineering colleges in Mumbai that are under the Under of Mumbai. The test checks out the applicantâ€™s knowledge in the fields of physics, chemistry and mathematics. They have a variety of options in front as to what course they can take up such as â€“ Mechanical, Chemical, Electrical, Civil, Electronics, IT, Computer Science, Electronics and Telecommunications and many more. Of late there has been and increased interests in the IT and Computer Science course, but the other courses are not far behind.
