Article published on April 11th 2012 | Education

Hotel management is one of the most sought after courses students taken up as a career option nowadays. The number of students pooling in this line are quite huge in numbers as the demand for more and more professionals is on the rise. As a career option this is quite an exciting and challenging job where every individual gets to interact with various kinds of people. Opportunities of growth, satisfaction, good salary and a bright future are some of the best perks in this industry for a deserving candidate.

This field is defined as providing accommodation, food and beverages, recreational services like spa, club, gym and many more benefits. The opportunities for growth arenâ€™t limited to India; students who intend to work abroad can earn a good reputation and money with their zeal to learn and hard work. This field is inextricably linked to the tourism industry; more than five million tourists from abroad and 562 million domestic guests make hospitality industry one of the most viable options in terms of career. Any upsurge in the Indian GDP, especially in the tourism industry occurs due to two reasons, first the tourism industry creates an impact and second with the hospitality management industry.

Both factors contribute to the growth of Indiaâ€™s GDP. They together make an enormous impact on the annual earnings of India. The importance of hospitality management can be understood by their contribution to the GDP which is nothing less than 11%. This figure is sure to rise up in the future. This course can provide large chunks of information about food variety and different cuisines from around the world. Constant interaction with various people brings a sea- change in personality, confidence, understanding and comprehension. Hotel management also helps them to understand how to form a budget and give the best to customers who want an excellent pass time in a hotel. Interior decoration, team work, mutual understanding and the realization of goals are some things which a student of hospitality management will learn here.

Hotel management teaches students about hotels and their functioning in day to day life. The benefits are immense for any candidate who is genuinely interested to rise in this line being a career choice. It helps them understand various cultures, beliefs, thinking and make decisions accordingly keeping the satisfaction of customers in mind. This course is provided by many institutes all over India. India Hotel Management (IHM) Pusa Road, LBIIHM, Hope Institute Of Hospitality Management (HIHM) and International Institute Of Hotel Management are some of the good institutes which provide degrees in hotel management. Every year the number of students for this career option increase to newer heights which show the credibility of making it a career choice.

Most students are found to be taking up engineering, law, MBAs and other various courses accordingly. The benefits have been already told while one last aspect is left. The importance of hotel management cannot be compared with any other course because itâ€™s independent from working like corporate firms. We wish our new generation hospitality managers a hearty best of luck.
