Article published on January 10th 2012 | Education

The moment the TV was it was the time that magic started to happen and every thing that flashes in the TV screen is wonderful images that glimmer and catches the viewersâ€™ eye. Children imagine how a dragon fit in the TV set, do the goons in the film are truly dead and other things that is running in the childrenâ€™s mind and as soon as they realize the fact about the movie magic that is they are more curious about it and they wanted to learn more. And as they grow older the curiosity become a fanatic and more willing to learn more about the things about film making.

Film making is not as simple as they look like in the movie. This is tiring, stressful job but still enjoyable as the work is done and as it is running as they want it to become. And aside that film making is an enjoyable job it is also one of the highest paid works among the available job in the city and the fame that can get is very huge and become well known as the work is done and the film is recognized in the film festival but before one can be at that state they should learn first the things that should be learned about film making.

Film schools are very popular now a day and that industry is still growing right now and one of the fast film learning schools that are recommended is the Auckland Weekend Film School. This school is only giving a weekend of training but regarding that it is only a weekend just two days the students will truly learn about film making. The schedule of the weekend school is from morning until night and it is a two days of learning. The school is only admitting limited number of students every time that there is available weekend schooling. The main reason why the school is only admitting limited students is that they want the student to learn more because the type of learning system that the school is giving is hands on basis and the mentor that will teach the student will give each student a focus so that they will truly learn. the mentor will also let the students to act as one of the role in the film making industry and that includes being a director, film editor, sound and light manager or director, and other film staff that is valuable in the film making industry.

The mentor that will share the knowledge to the students is a well known director, film editor and a producer and at the same time teaching about film making for many years and that is Colm Oâ€™Murchu. He already proven himself in the field of film making and some of the films that the makes and produced already received awards. So there is no doubt that the students that will learn in the Auckland Weekend Film School that students decided to enroll in.
