Opt for an Online MBA to achieve your professional Goals by Steve

Article published on March 30th 2012 | Education

Pursuing an online MBA degree has become increasingly popular among business professionals. An online degree provides the opportunity of being able to take the course on your own time. The students can also download the online lectures and notes at any time of the day. They are entitled to take classes at any time after meeting their deadline in their professional field. Online degree requires a great deal of self-study and personal initiative. The distance learning courses open your new possibilities and income potentials. Choosing the right MBA degree may be a difficult task as there are several specialized MBA courses available in the market.

Specializations in MBA

Accounts Management

Finance Management

Marketing Management

Retail Management

Disaster Management

Human Resource Management

Operations Management

General management

Logistics and Supply Chain management

Eligibility

A graduate in any stream is eligible for an online MBA. A management graduate is also preferred from any recognized university.

Course Duration

The distance learning courses are divided in four modules. Each module has two semesters. The duration of each semester is three months. The entire course has to be completed within three years. The third year is the extension for every student to sit for the final exam.

Internal Assessments

Each specialized course has an internal assessment score based on the projects submitted during the semesters. The students need to get 40% marks in each semester to qualify for the second one. The internal assessment scores are displayed at the time of semester breaks.

Examinations

The examinations are conducted at the end of each year. The exams are conducted through online,

setting on a particular time of the candidateâ€™s choice. The exam procedure is web protected and can be taken from anywhere in the world. The question paper consists of multiple choice questions, objective questions, and subjective questions. The students have to have a minimum of 40% class attendants. The failure to clear a single semester means the students have to reappear in that exam to qualify for the next semester.

Tips for Students

During the time of the exam, the students are advised to research on the specialized papers to improve their answer quality.

Choose the special paper carefully. Choose the paper in which you have the most interest. A wrong choice can ruin your career.

Try to attend at least 50% of class to gain the advantage. Interact with the faculty members regularly to know the details on your projects.
