Unlike earlier, kids at the age of two or three start their education from Nursery level or kindergarten just to make their base strong and to get accustomed with the atmosphere of school. In nursery, the students learn the basics of counting, measuring, sorting, and number operations and they grab the things that are taught to them very quickly. It gives a good outline to their further learning process and education and leads them to the correct path. By making them practice at home as well as in the school, children get confidence and the ability to solve all the challenges that they face in their life. Educational program help kids to access new educational, financial and social resources in their communities so that they can improve their own lives as well the lives of their families and the society that they live in.

It helps them to get the ability to take everything in a holistic way and also being able to take a perfect decision about their future life and also facilitate to protect themselves from various types of exploitation such as mental and physical. If parents go one or two decades back and compare the status with of education system with the present scenario than it would be like two different poles because earlier people were not much concerned about their childrensâ€™ education and even their own education but now the condition is completely different from that. Now parents are far different from that of the previous one. Now, they are more concerned about getting quality education for themselves and even for their children so that they can get a good future and lead a satisfied life.

Schools create secured, arranged and kind atmosphere for the students. It has a straight effect on the kidsâ€™ educational success, achievement of literacy and scientific knowledge gathering. Formal education is the pass to get entry for the higher level of education for the children. The knowledge and education is attained from the classroom teaching in the initial period of education. Initially kids have the chance to show tantrums while they go to school and they often try to refuse to go to their school. Since the school atmosphere is completely new for them, thus they fear going inside the school. Therefore, it is their parents who can help them in such situations.
