Fashioning a friendly and comfortable environment at your kidâ€™s room will help your child build his personality as well as in the development of sober behavior. One ought to think of various ways in which a childâ€™s room can be decorated or created in an innovative way. Decorating your kidâ€™s room an appealing way will make your childâ€™s imagination come alive. One can decorate their childâ€™s roo through various attractive accessories ranging from pillows to screens, chairs, paintings and so on. Here are a few steps as to how one can change the avatar of their childâ€™s room.

SIT WITH YOUR CHILD: plan a day prior and sit with your child to discuss about the room designing. Sitting with your child will help you from getting accustomed to what your child actually wants. They can express about the kind of theme, what kind of room depicts their personality and how to go about it.

EXPENSES: plan all the accessories and commodities needed for your childâ€™s room once you have consulted your child. This will save you a lot of money. At the end of the day what matters is the satisfaction of your child.

WORKSPACE AREA: while designing your childâ€™s room considering the workspace area is very important. If your child has hobbies like craft making, painting, or even a personal computer. Workspace is needed. Children these days have their own music systems and gaming consoles which should be placed in a selected comfortable place.

THEMES: one can easily come up with various themes from cartoons or movies. the themes can vary from flower fairyâ€™s ideas to princess ideas, doll ideas, animal ideas, cartoon themes andso on. If you believe that painting a room all over with themes is a complicated task. You can as well buy readymade theme papers for walls.

COLOURING: painting a room and choosing the appropriate colour plays an important role in decorating a room. Prior to painting your childâ€™s room, you can consult your child and opt for his or her favorite colour. Also rather than just painting the walls with colourful paints one can also select a theme and paint or paste your childâ€™s cartoon character.

FLOORING: While the walls and the ceiling are taken care of, next comes the flooring of the room. Often carpeted floor is preferred in most of the places. But since it is a room decoration for a child hard surface flooring would be apt for this. This would make it easy for maintenance and cleaning.

FURNITURE: do not go in for heavy or expensive furniture as children tend to damage it. You can make use of old worn out furniture by re designing it in a colourful way. Furniture can include a crib, cradle, play house, rocking chair, benches, rocking toys, dressers, beds, desks, stools, vanities and so on.

BED AND MATTRESS: one can design a bed according to the childâ€™s likes and dislikes. Also you can opt for the matching bed sheets and pillows or go for theme based beds. One cn also buy these commodities and many other accessories based on the theme in your childâ€™s room. Carefully choose all these according to the age and personality of the child as this may lead to a confusion. A child may like or dislike funky or simple things.

ROOM CLOSETS: if you are trying to make the room look spacious and neat, having a closet for all the things is a perfect idea. There are closets like the plastic ones and the modular ones available in

the market. This will also help you to align and arrange books, clothes, toys and other accessories or possessions.

OTHER ACCESSORIES: in the process of decorating children can also contribute their artwork and many other paintings. This would lead to an attachment between the child and his room and cleanliness and care towards his or her room will be assured.
