Article published on February 10th 2012 | Education

Weekend is the best day for many because of the relaxation that it can give most especially to the working persons. The day where nothing to do, no work that will bug or call to process, no busy road to drive on and no stressful ambiance that surrounds, that is the beauty of the weekend. But how about giving a weekend of learning about film making, will you sacrifice your weekend for that?

Many among the persons that already above 20 are realizing the beauty of film making but they already have the work to attend and if they will enter the school to learn the film making money and time will be wasted and that means that they have to stop from working and that means that there will be no income for them. For the resolution for the problems of the aspiring film makers who are having problem with schedule there is the Brisbane Weekend Film Schools for them.

Brisbane Weekend Film Schools will be for a weekend only or two days consist of the Saturday and a Sunday. The weekend is truly a favored schooling for the working but aspiring film makers and even the course will only be two days many things will be learned by he students.

Primarily the students will learn about the film equipments and on how to use those. Camera shooting is one of the important tools that will be given focus for the students. Different angles and shot selections will be taught to the students so that they can the best and quality movie to make. The students will also improve their thinking about the sounding of the movie that will be made. Hands on will be the method that will used in teaching the students so that they can have the maximum knowledge that they have in the school.

The students will also be taught about the crew staff works and that includes all of the works for the film making. Lights men and sound men some of the essential work that will taught to the students. Another is the camera man for shooting the film, script writer for the story of the movie, and the position that the entire aspiring movie makers want is the directing position. The students will experience all the positions for film making in rotation. The students should not be confused about the positions that will be given to them because all of the positions in the film making are essentials.

The teacher that will provide the knowledge is Colm Oâ€™ Muchu. He has is the great film maker that came from Australia and helping the other film makers to finish their movies. He is a well known film director, film producer, DOP, and film editor. The movies that he has done have been entered in the film festival awards and the others have won the prize. Colm will surely be a great asset and advantage for the students of the school for learning the film making.
