Whenever we think about beach vacation, itâ€™s difficult to choose a destination. Because so many beaches with best weather conditions and diverse beach activities are waiting for people to explore. When we speak about beach vacation, the first and the best beach destination will be Hawaii.

Some of the finest beaches in Hawaii are :-

Lanikai Beach, Oahu â€“ This is considered to be the best swimming beach in Hawaii. In the Hawaiian language, Lanikai means â€œheavenly seaâ€•. The crystal clear turquoise green water and swinging coconut palms makes the beach a perfect photographic destination. While the calm and warm water is good for bathing, the powered sugar like sand makes it perfect for sun bathing. Beach activities on Lanikai include kayaking, outrigger canoeing, sailing, surfing, and windsurfing. Located on Oahu's Windward coast Lanikai Beach is a popular hangout for local people and tourist.

Hanalei Bay Beach, Kauai - Hanalei Bay is the largest bay on Kauai and considered one of the best beaches in all of Hawaii. The Hanalei Bay is located at the base of cliffs. Towards the east side, the beach is bordered by the Hanalei River and towards the west by the Waipa river. The bay is surrounded by mountains covered with mist. Behind the bay there is a beautiful waterfall. The beach is nearly two miles long and 125 feet wide. The Hanalei Bay also gives you wide range of activities, and this includes swimming to kayaking and windsurfing to yachting. Some of the serious surfers are coming here for daily practices. This beach is subject to high surf and strong currents in the winter months.

Hanauma Bay, Oahu - Those who are interested in snorkeling has to visit this beach and take pleasure of the sport activity. The beach is the after effect of a volcanic crater formed thousands of years ago. This impressive crescent-shaped bay lined with lava rock ledges is renowned for its myriad tropical fish. Swimmers can always come across species like tangs, parrotfish, butterfly fish, moorish idols and surgeonfish. This beautiful beach is located on the southeast coat of Oahu. It is estimated that more than three thousand people visit this bay every day for swimming, snorkeling, sunbathing and picnicking. The sad part of the story is that excessive swimming and snorkeling have threatened the bayâ€™s marine species.

Ke'e Beach Park, Kauai â€“ This beach is located between the dramatic Na Pali Coast and Limahuli Stream. The beach is blessed with coral reef fishes and turtles. The clear water, white sands along lushly vegetation by ironwood trees and coconut palms gives this beach a tropical look.

Hapuna Beach State Park, Big Island - This is one of the largest white sand beaches on Hawaii Island. Hapuna's popularity is due in part to shaded grass and sandy shoreline. Enormous fish and coral species make for superb snorkeling and the wide beach is just right for frolicking and sunbathing.

Hulopoe Beach, Lanai â€“ Earlier this beach and its surrounding were known by the name â€˜pineapple islandâ€™. As this beach is on a remote location, people who want a private vacation can opt for this location. This beach is an exquisite pocket beach at the head of Hulopoe Bay. The steep shoreline makes it a fine place for swimming. People who visited this beach say that the beach is perfect for romance and intimacy.
