African American Urban Magazines on Top by James Blee

Article published on July 11th 2012 | Entertainment

Magazines are periodicals that usually contain information on a variety of topics. There are also some magazines that are dedicated to providing information on a specific topic. An African American magazine or Black magazine is one such kind. It provides information dedicated towards educating the reader on the history, culture as well as current events of the African American community. It showcases the various aspects of their life on its pages. It talks about their history, culture, entertainment, fashion, sports, the cuisine they enjoy, the business they indulge in, the social activities they participate in.

The content of some of the leading black magazines vary from details on the historical perspective of the African American community to stories on black professionals or entrepreneurs who are making big success stories. Business magazines such as these also cover topics like technology, finance, politics and strategic stories for urban African American professionals. Moreover, there are some magazines targeted to interest African American men and women on topics covering sports, entertainment and fashion. Most of these magazines are also referred to as urban magazines named after the publisher that specializes in publishing magazines belonging to the African American genre.

An online black magazine is dedicated on imparting healthcare information. It provides vital information on heart diseases, obesity as well as terminal diseases like cancer. A leading african american magazine also targets the young generation of readers. It is primarily an urban lifestyle magazine that focuses on style, sports, music, as well as politics they indulge in. The magazines not only help to make the community aware of the current happenings but also foster respect amongst its readers for their own brethren. Urban magazines are not only a window to the world for the African American community. It helps them to uphold their potential, and express their perspective to the world.
