Borderlands 2 is a forthcoming first-person shooter video game with role-playing elements in development for PlayStation 3, Xbox 360 and Microsoft Windows. Gearbox Software is currently in development of the Borderlands 2 and 2K Games is its publisher. The game is scheduled to be released on September 18, 2012 inU.S.and September 21, 2012 inU.K.

Borderland 2 is a sequel to its predecessor Borderland, a 2009 video-game, developed by Gearbox Software and is build upon the gameplay elements as implemented in its predecessor Borderland. The game is entirely a role-playing shooter video game including character-building elements.

The game offers four different characters to play with, each with their unique special skills and with expertise with definite weapons. The game begins; player takes on quests, and is rewarded with money, points and sometimes with an item throughout the gameplay, the game features certain abilities of killing enemies and the allocating the rewarded points into a skill tree that will feature three distinct powers of the character giving you a thrashing gameplay experience.

The game features glorious graphics and includes unique graphic style. The game offers online multiplayer cooperative mode that supports up to four-player along with class-mod, three branch skill tree. Borderlands 2 features unique, expansive and customize weaponry system, smooth-drifting vehicles, dynamic quest system. The game includes a complete new AI encouraging team-work in the gameplay. Get ready to experience a thrashing combat against your enemies, beat them up and smash them down with latest technologies weaponry system or i would say â€œGet ready to joy puck your face off!!!â€•.

The game features E.D.N. III, an ice-age environment rather than the tropical environment we got to see in any previous game, the game actually will be quite similar to the very first game with a story-driven adventure. The gameâ€™s official trailer from its official website unveils its fortune success; a cleverest game, the game gives the impression of amazing fun, awesome visit to the ice-age environment planet will give the player a pioneer gaming experience I believe. The series takes its place to a new interesting gaming experience, the game leans towards a whole new action world. At E3 conference Capcom leaned to emphasize and make the people believe that the lost planet 3 is all about action, and will be marked as an amazing game in shooting and adventures history.
