Happy Feet 2 3D is being shown through cinemas in the US and Australia. In fact, Odeon Cinemas began showing the film in February of 2011. The film is an animated movie that is family oriented and is receiving great reviews from members of the entire family. This version of the original Happy Feet is staring some wonderful actors that include Robins Williams, Brad Pitt, Elijah Wood and Sofia Vergara.

Happy Feet 2 is directed by George Miller. Composer of the film's music, which is absolutely magical, is John Powell, and the choreographer is Wayne Robson. The film was distributed by Warner Bros Distributors Ltd. Movie goers to the film will enjoy 103 minutes of a truly marvelous storyline that will touch the hearts of everyone in the family.

Happy Feet 2 has become a smash hit at the box offices with tickets already sold, and the sale of tickets not slowing down. The plot of the storyline is to set your differences aside and to work together to help others that are in need. It is a must see film for families with young children, as it is intended to bring the family closer together and uplift their spirits.

Happy Feet 2 stars Mumble, as the parent of a young penguin, named Erik. Mumble is a dancing penguin and realizes that Erik was born with two left feet when he is afraid to dance. Erik runs away from home, ashamed of his two left feet. While, on his journey, Erik meets a flying penguin that is named Might Sven. Might Sven takes Erik under his wing. The story is truly a moving story and will touch the hearts of all audience members, as it shows how with a little love and the help of your friends, you can go a long way.

There are many films that have hit this year, and this is definitely one of the best animated films of the year, and is featured at cinemas throughout the world.
