Funny videos of cats can make anyone laugh by [Saima Triphor](#)

Article published on April 23rd 2012 | [Entertainment](#)

There is plenty of entertainment available on the internet and it is especially true in the case of the videos of funny cats available on the internet. These videos send you rolling on the floor and some of the videos demand to be watched again and again. Cats are known to be lazy creatures. Mostly, people see cats lying down and not moving around much. Therefore, they find it hilariously odd to see these cats in action doing bizarre things in these funny cat videos.

Some funny cat videos have become very popular throughout the world. People share these videos and discuss them on social networking websites such as Facebook and Twitter. With the availability of places to find these videos on the internet, a lot of these videos are being uploaded and watched. When you watch a funny video related to cats, you will find a list of other funny cat videos. You can keep watching them until you exhaust the website. It is possible for you to narrow your search. If you want to watch a cat do a particular thing like boxing with a puppy, then it is possible for you to search for it and get videos with cats doing the specified task. These videos can easily get you addicted, so always make sure you have a lot of time in your hand when you sit down to watch these funny videos.

These videos should be enjoyed in plenty. Funny cat videos are generally very short. If you watch only one or two of them, your appetite does not get satisfied. You should sit with a big bunch of these videos in order to have a lot of fun. These cat videos can be enjoyed with your friends, co-workers and children. It will make you appreciate cats and the various mishaps they tend to fall into.

If you have a cat, you should always keep your video camera on the ready. You never know when a cat comes up with something that is worthy of being shared. Your cat too should contribute to the entertainment that these funny cat videos provide.
