The following article lists some simple, informative tips that will help you have a better experience with Kindergarten sight words. Most of this information comes straight from the Kindergarten sight words pros. learning the English language seems to be a difficult task for the kindergarten students as there are some words which cannot be spelt phonetically and hence understanding them and pronouncing them correctly seems tough for these kids. These basic words are necessary for their learning in order to read the books and start the initial phase of learning. Some of these words can be learnt by sight and are known as kindergarten sight words.

These words are taught in an entertaining manner with activities so that it gets easier for the kids to understand and learn them. These words make up sixty to seventy per cent of most reading tasks and hence in order to become an avid reader it is vital for a child to master these words. The nouns combined with the list offer enough vocabulary to write simple stories and the lists are used to develop a controlled vocabulary text which is used for beginning readers.

As a group, these words do not lend themselves to phonic analysis, therefore making it essential for the readers to memorize them. Any text is difficult to decode if the reader misses twenty, thirty or fifty per cent of these words. A competent literacy tutor would prove to be helpful in developing the sight word capability and the learning ability of your child by carefully re-teaching these words as needed. It never hurts to be well-informed with the latest on sight words. Compare what you have learned here to future articles so that you can stay alert to changes in the area of kindergarten sight words.
