Transform your look with clip in hair extensions by James Blee

Article published on June 18th 2012 | Fashion

Tired of the same old hairstyle? Hair growing too slowly to make an impact on people? Clip in hair extensions are a fantastic way of reinventing yourself and transforming your look. Clip in hair extensions help to turn even the dowdiest of hairstyles into a barnet celebrities would be jealous of!

Itâ€™s so easy to use clip in hair extensions, even if youâ€™ve never experimented with them before. Cli are used to attach extensions to your natural hair which stay in place until you want to remove them. Whether youâ€™re looking for natural clip in hair extensions which will blend in with your own colour or a bold, contrasting colour, clip in hair extensions help you create the look youâ€™ve been dreaming of. As well as choosing different hair colours, you can also choose your hair length with clip in hair extensions. You may want to stick with your natural hair length, using clip in hair extensions for volume, or you may dream of having long locks; clip in hair extensions can help add length!

Clip in hair extensions are non permanent and can be easily removed after use. With clip in hair extensions you are not tied to a particular look and you minimise the damage that permanent extensions can do to your natural hair. Because Clip in hair extensions arenâ€™t permanent you have the freedom to experiment with different looks â€“ adding layers and even a fringe to your hair. Donâ€™t like your new style? Just remove your clip in hair extensions to go back to your original style. No more risky trips to the hairdressers, clip in hair extensions let you try styles before you commit to them. Theyâ€™re also great for working ladies who prefer to keep a professional hair style for work, but like to let their hair down at the weekend with head-turning clip in hair extensions.

Clip in hair extensions can also add a quirky twist to your hair. Feather clip in hair extensions incorporate flashes of colour and feathers, which are clipped within your natural hair to create a daring and eye catching hair style. Feather clip in hair extensions are guaranteed to make you stand out in a crowd.
