Insurance and Assistance linked to Payment Cards and Bank Accounts in Turkey by Bharatbook

Article published on July 4th 2012 | Finance

Insurance and Assistance linked to Payment Cards and Bank Accounts in Turkey investigates the market for insurance and assistance policies linked to banking products in this country. Drawing on the results of an investigation covering 235 individual payment card and bank account products offered by 38 banking institutions and specialised card providers in Turkey, the report analyses the provision of a variety of different types of insurance and assistance policy in the following broad categories of cover: accident and health; creditor; personal and identity protection; shopping; travel; and other. In addition, concierge services are also included as a category in their own right. Moreover, the PartnerBASEâ„¢ dataset that accompanies the report details each insurance or assistance enhancement for each payment card and bank account product analysed.
