No credit Check Loans: Easy Cash, Impaired Credit No Matter by Amarjeet Singh

Article published on July 11th 2012 | Finance

The salaried people of Canada cannot cope up with the regular rise in the market price. They look for small cash which is generally available from numbers of lending agencies or finance institutions in a form that has several common features of short term loans. Actually, the next payday appears to them at great distance within which demands of several kinds are to be responded satisfactorily. No credit check loans are offered by many financial agencies in Canada and the same is paid against the salary of the next months, that is, against the next monthâ€™s check.

No credit check loans can be fetched within the range from $100 to $1,500. Finance programs of this type are known for higher rates of interest, whereas the lenders want the loan amount to be returned within 14 to 30 days. Non-repayment or miss-repayment is not excused and fines or penalties are imposed in such cases. Interest starts to accumulate and cost of the finance programs becomes higher.

No credit check loans, for different reasons, are still very popular among majority of the people living in Canada. First, collateral is not necessary, because the finance is advanced in unsecured category. Second, the loan seekers are not to fax personal information plus information of financial transactions in bulk of documents to the finance providers for the purpose of getting the loan application sanctioned. Third, the finance providers treat the borrowers equally which is to mean that people with poor credit and those with satisfactory credit are equally treated. There is no provision of credit report checking. Fourth, the finance programs have been designed in such a way that the finance seekers can obtain the loan amount within shortest time. Online application is encouraged, because it saves much time. Payment is made through wire transfer, so that the payable amount reaches to the bank account of the respective loan seekers within twenty four hours to the latest.

On the other hand, criteria for eligibility towards no credit check loans are quite simple. The loan seekers must be either a citizen of Canada or a habitual resident of this country, but he must also be an adult or over 18 years of age. It is required that he has been working in a legally approved organization at least for the last six months. His monthly earning must be about $1,000. He must also be in possession of an active bank account.
