Dental Clinic in Australia by [Northsydneyfinedentistry](http://www.northsydneyfinedentistry.com.au)

Article published on August 21st 2012 | [Fitness](#)

There are many things which might lead a person to feel unhappy with his smile. Confidence in the way you smile can lead to confidence in everything you do, and a visit to the right dental clinic is the best way of securing the smile you've always wanted. A simple smile can change the world. A smile is one of the most basic ways to bridge gaps and build connections with other people all over the world. A smile shows pleasure, happiness, confidence, life, joy and amusement. Because smile is the universal message for "hello", you need to have great pearly white teeth so you could be confident. A mouth full of stained, yellowish, damaged, blackened, missing, fanged, chipped or crooked teeth decreases one's confidence and makes one feel less attractive. A beautiful smile will take you to greater heights of success thus it is absolutely good to invest on dental procedures to get that perfect celebrity smile. Regular visit to your dentist and regular brushing of teeth helps but if you want a fast and painless procedure, then you can take advantage of the effective dental procedures from the expert dentist. Dentists are highly dedicated doctors who deal with all types of dental problem that are not only related to the teeth but it swell to the mouth like swollen gums, sore mouth or bleeding from the gums.

Cosmetic Dentistry is an exciting new aspect of dentistry. In recent years it has come a long way in providing effective, painless methods to repair, mask or reconstruct dental defects. Cosmetic Dentistry can brighten dull teeth, whiten stained teeth, cover white spots, close spaces between teeth, repair chipped teeth, conceal metal fillings, straighten mildly crooked teeth and may even alter the signs of aging by masking worn-down teeth and eliminating vertical lip wrinkles. The cosmetic dentistry is concerned about the aesthetics of a smile. It aims to treat dental disorders thereby allow the patient to have a beautiful smile.

Dr Jeff is one of the leading dentists in the heart of North Sydney CBD offers services in cosmetic dentistry, teeth whitening, holistic and implant dentistry. Extremely accessible, nearby Greenwood Plaza offers you parking, or if traveling by train, it is about a 5 minute walk from North Sydney station. Established in 1993 and recently renovated, Greenwood Dental, a dental clinic in Sydney offers all the patients the highest quality of dental care, in both a modern and relaxed environment. The moment you enter, you will be greeted by one of the friendly and always helpful receptionists. You will notice that no expense has been spared to make your visit as comfortable and stress free as can be. The reception and waiting area makes you feel at home with comfortable sitting lounges, wide screen TV and complimentary beverages, creating an environment of relaxation and pampering. The spacious treatment rooms have been fitted with the latest modern equipment and all technical work is provided by Sydney's foremost Dental technicians.
