â€¢ International Diploma in Occupational Health and Safety

â€¢ National Diploma in Environmental Management

â€¢ National Certificate in Environmental Management

The eLearning method of training proves to be a good option for those who are unable to reach a centre for class room activities. If you donâ€™t have a training centre near to your location, you cannot take time off work, or you just donâ€™t have time, eLearning is meant for you. The eLearning process of NEBOSH training have several benefits, few are as follows.

Full control in your hand: It is totally flexible, and accessible according to your requirement. It will help you in deciding the speed of the course, and the overall time you want to learn the syllabus.

Save time: You can study any time with the eLearning facility, which helps you in saving time for other things. If you are working then you donâ€™t need to spend time in class rooms and can save the time.

Saving Money: you will save money on travel and time off work

Support from the tutors: if you have any of the queries you can email the queries and you will be getting the feedback soon. The expertsâ€™ team is there to help you.

You will be provided the web links of authoritative websites, and also the video tutorial and audio clips. You will be getting a serious of mock test where you can take a track of your performance. So you can become your own judge and can improve more.
