Pandaren Traits, Lore, and Available Class

by James E. Headrick

Article published on August 5th 2012 | Games

World of Warcraft: Mists of Pandaria promises to introduce ancient and enigmatic Pandaren race as well as a multitude of new features and content to explore. Long isolated from the rest of the world, the Pandaren is the newest playable race in the WoW universe complete with their own distinct lore, history and purpose. This Mists of Pandaria guide is intended to showcase the Pandarenâ€™s race traits, available classes and lore. For World of Warcraft fans, this expansion promises plenty of new content to discover in the forgotten realm of Pandaria.

The Pandaren introduces a number of traits that are unique to their race. Each traits offers its own distinct advantages for players who wish to try out each tree with diversified skills and abilities. One of the new traits the Pandaren possess is Epicurean, a passive trait that increases the state benefits of food by 100%. Gourmand is another passive trait enhancing cooking skill by 15 while the Inner Peace trait doubles the rested experience bonus for all Pandaren. Bouncy is another useful skill the Pandaren possess, lessening the damage taken by falling by half. Finally, the Pandarenâ€™s active racial trait, Quaking Palm, allows the Pandaren to put a targeted enemy to sleep for 3 seconds.

The Pandaren can choose to be one of many available classes in World of Warcraft. Options include a: Hunter, Mage, Rogue, Priest, Warrior and Shaman. The Pandaren can also be the new wow monk class introduced by Blizzard. The Monk class, is amongst the most unique of all the World of Warcraft classes. Monks possess the ability to deal damage quickly and escape the grasp of their enemies within a flash. They specialize in hand-to-hand martial arts combat and can wear leather armor as well as use fist weapons, polearms, staves, one-handed swords, one-handed axes and one-handed maces. Monks use Chi as a form of energy and can specialize as the tanking Brewmaster, the damage-dealing Windwalker or the healing Mistweaver. Overall, their speed, versatility and unique form of unarmed combat makes the Monk one of World of Warcraftâ€™s most distinctive classes.

The Pandaren possess rich lore and history. From their enigmatic realm of Pandaria, the Pandaren were originally slaves of the tyrannical Mogu race, but eventually staged a revolution and became the continentâ€™s dominant faction. Upon establishing the Pandaren Empire and befriending the Night Elves, the Pandaren retreated into isolation in the wake of The Sundering, shielding their homeland in impenetrable mists. A bold group of adventurers, however, set out to explore the world of Azeroth on the Wandering Isle, occasionally making contact with the other races of the world. In the wake of the Cataclysm, the Pandaren continent was finally revealed after millennia of isolation, becoming the next battleground of the Alliance-Horde War and forcing the ancient Pandaren to choose sides in the raging conflict.
