Article published on April 19th 2012 | Hardware

If you are in Brisbane and have experienced computer problems â€“ whether it be a malfunction, bad performance, virus or anything else, ask Itsfixed by calling 1300 600 670. We are the computer repairs specialists in Brisbane. We don't send geeks, we send computer repair professionals!

All our computer repair technicians in Brisbane are skilled computer professionals with years of experience under their belts. From computer repairs, to virus removals, to networking setups, our onsite mobile Brisbane computer repair technicians are equipped with the right computer know how and repair skills to get the job done properly at your place.

We know about computer technology, how to repair issues and can service anyone in Brisbane. When they aren't at computer repairs, our technicians are usually trying some new computer gadget or changing their own home computer setups. These people love computer technology!

Our priority is selecting the right computer repairs technicians to be ITSFIXED technicians. And their main priority is you â€“ repairing your computer problem in your own Brisbane home and enabling you to get the most value out of your computer technology.

Each of our Brisbane computer repairs techs speak in simple, everyday language - not technical computer jargon. And our Brisbane computer repairs technicians are always happy to share their knowledge with you, and help you feel at ease with your computer technology.

Furthermore, our Brisbane computer repairs want to support you. Computer technology is what we do best, and we aren't happy with our Brisbane computer repairs service until you are happy. So contact our Brisbane computer repairs customer service centre on 1300 600 670 to book a home-visit from one of our professional technicians.

We know that good Brisbane computer repair help is hard to find.

When you are frustrated because you can't get your computer technology to do what it is supposed to, we can help to repair it. If youâ€™re located in Brisbane we are your computer repairs team!

Once you order a job from our Brisbane computer repairs service, an experienced computer technician will:

1) Come to your Brisbane home or office and perform the necessary computer repairs in-situation

2) Assess your home environment and setup your computer devices exactly how you want them

3) Show you what they did (or at least tell you what happened) so you can repair the computer problem in your own Brisbane home next time or stop the problem occurring again

4) Stay until you are completely satisfied with the computer repair and understand what went wrong with your computer so you can potentially repair it the next time.

We have technicians on the ground undergoing computer repairs every day in Brisbane but we operate and repair computers all over Melbourne, Brisbane and Sydney.

Contact our Brisbane computer repairs service team on 1300 600 670 to speak to one of our

friendly computer repairs team members.

Our Brisbane computer repairs include:
