Brazil Nursing Homes by Govindsingh

Article published on April 28th 2012 | Health

The word Casa de Repouso is the Portugal word that means nursing home or rest home for old people. This Resident consist skilled nursing facility and some peoples are physical disturbed are mentally disturbed. So nurses are used to take care of them. This Resident has certain legal rights depending on the location in the cities. Services provided in nursing homes include services of nurses and assistants, social workers and recreational assistance.

Process in the Casa de Repouso is the homes recourse in action surveying looks at the appropriateness and quality of care and services must be good. Keeping in mind the persons are sick and to take care of them independelly. This system has many difficulties for the nurse and care giver, because they should care them in any different facility. Patients usually complain of loneliness and feeling of displacement.  Nursing home services required skilled nurse for emergency and First aid care for the customers. When a person needs assistance with bathing, walking or transferring from bed to a chair assistance care is more important.

In case of any emergency in nursing home is always an important task to save the people in that situation and also want to admit them in hospital.

The capital state in Brazil

Brazil largest city is Sao Paulo. This is the capital of the state of Sao Paulo which is the most famous Brazilian state and has strong power in fluency in commerce and finance and entertainment. The cultural economic and political influences are both nationally and internationally in progress. The most popular places in this city are park and museums such as Latin American Memorial and The Museum of the Portuguese Language. Sao Paulo Museum of Art and the park is one of the important places in the Sao Paulo and present in the center of the city. It is the home for Stock Exchange also for the Future Markets and the cereal Market Stock exchange. This is said to be second largest stock exchange city in the world.

The people in the city of Sao Paulo are called as paulistanos. The city which it has shared with the battleship and the aircraft carrier named after it is Non decor. The city maintained a high economic growth and also known for its crazy weather and it is described by the local natives as acuity where you can experience all seasons in one single day.
