Article published on January 9th 2012 | Health

Celtrixa is the unanimous choice of a vast majority of women suffering from the blight of stretch marks. Stretch marks are streak-like lines that develop on the surface of the skin when the dermis or the middle layer of the skin is stretched considerably over a period of time. The rapid and consistent stretching causes the dermis to rupture and reveal the deeper layers of the skin resulting in formation of stretch marks.

Stretch marks are medically harmless but they are despised by women because of the embarrassment they cause. Low social acceptance is the main reason why women seek help to get rid of those ugly looking lines and patches. Celtrixa is an advanced formulation that visibly reduces the appearance of stretch marks. The researched product is a fine blend of scientific ingredients that help minimize the appearance of stretch marks within weeks of use.

â€¢ Reasons Why Celtrixa Scores Over Other Brands

If you look at Celtrixa reviews, you will realize that women are veering towards this form of treatment for good reasons. Firstly, they reduce the appearance of stretch marks without the painful effects or recovery time of invasive treatment forms such as lasers and surgery. Secondly, they are a convenient way of treating those marks. You can use the product in the convenience and privacy of your homes without the hassle of visiting a dermatologist. Celtrixa is an affordable and assured way to say goodbye to stretch marks.

The advanced formulation is a painless yet powerful way to get relief from the condition without a prescription. The advanced formulation can be ordered from the few authorized websites of the manufacturer. At present they are not available at any pharmacy or skin treatment center except some select retail outlets.

â€¢ Powerful Ingredients â€“ Reasons Behind Its Effectiveness

Celtrixa ingredients have been chosen with a lot of care and research. ReguÂ®-Stretch, the main ingredient helps reduce the appearance of the length, width and color of the stretch marks. It not only visibly reduces the stretch marks present but also prevents new ones from forming. It protects the skin by improving its hydration and suppleness.

The other ingredient O.D.A. Whiteâ„¢ is a proven brightening agent that visibly brightens the look of your skin after just two weeks. According to available statistics, the ingredient was effective in making the skin visibly whiter in 90 percent of the users.

The scientifically advanced topical lotion is easily the most trusted and fastest selling brand in the category. Itâ€™s hardly surprising then, that thousands of men and women use Celtrixa every day.
