Article published on February 13th 2012 | Health

Change your traditional cigarettes with electronic cigarettes or e-cigarettes and choose a healthier way of smoking. Electronic cigarettes are almost same as real cigarettes and taste almost the same like a real one. These cigarettes are better than traditional cigarettes as they donâ€™t contain harmful chemicals. You can use them anywhere you want without noticing a â€œNo Smokingâ€• sign board. These cigarettes are available in different flavours to add more satisfaction while smoking. These cigarettes offer pure nicotine only. Therefore, these cigarettes donâ€™t damage your lungs and can be called as a safer alternative of smoking.

As the name suggests, these cigarettes are operated by a battery and can be used continuously. These cigarettes are very cost efficient and cost you much less than the traditional cigarettes. When you smoke through a traditional cigarette, it may cause several severe problems to your health but when you smoke through these cigarettes, you need not to worry at all. But remember that you should buy only genuine brand.

Working of an e-cigarette

There are lots more to know about an e-cigarette. It has its own features and qualities. When we talk about its working, it is very easy and simple. It came into existence in the year 2003 and was invented by a Chinese pharmacist Hon Lik. A standard cigarette usually contains a lithium battery which is rechargeable and contains an inbuilt sensor. It contains an atomizer which usually contains a coil. A coil is used to produce heat and vapourise an e-liquid filled in a cartridge. A cartridge is an inhaler and contains e-liquid soaked wadding. The smoke produced by these cigarettes is harmless and causes no side effects for second hand smokers.

When compared with traditional cigarettes, these cigarettes are found to be much better. An individual cartridge is plentiful to generate 300 puffs which mean it is almost equal to 30 traditional cigarettes. So, you can reduce your monthly cigarette expenses and can save thousands of pounds in a year.
