Get your beauty treatments with the special Contour Rolling Method by [Azzarra Lafif](#)

Article published on January 11th 2012 | [Health](#)

There is a beauty centre in Glasgow that uses a whole new approach to the conventional beauty treatments that are so popular today. The treatments are so well received that alternative Beauty is now a well known name in the region.

There are treatments that are available for both men and women with a wide range of treatments that use the holistic approach like Reiki, Swedish massage, hot stone massages, clinical aromatherapy, reflexology and thermal auricular therapy along with the ever popular tanning solutions and nail and spa treatments. Situated conveniently near the City centre this beauty salon works from Tuesday to Saturday and all their details are mentioned on their site at alternativebeauty.co.uk. The site is also very informative and details all their treatments and special offers online.

Some of their most popular treatments are their hand treatments that offer some great deals for your manicures. The Shellac Nails treatment is a manicure that lasts for up to 14 days without chipping and maintaining its shimmer and shine as well. It dries almost immediately and needs just 10 minutes to be removed. The rates are detailed on their site for the various ranges that they offer. For the best Shellac nails Glasgow and Lanarkshire, come to Alternative Beauty. Shellac nails have been among the most popular manicure treatments in 2011 and Shellac nails Glasgow is the best at this beauty centre. Even something as simple as eyebrow threading is done in a professional and as pain free a manner as possible. Alternative Beauty recommends eyebrow threading as the best way to get your fine excess hair removed. There is also more information on the method employed by the centre for eyebrow threading.

This is also the best place for contour rolling therapy that has been found to be useful in the treatment of fine lines and wrinkles using natural healing processes to even tackle cellulite and scarring. Contour rolling methods use natural process to help the skin repair and rejuvenate itself and can be used on any part of the body. This is an alternative treatment to laser resurfacing and dermabrasion with results that are evident faster. This contour rolling method has variations like a cosmetic roller treatment and a medical roller treatment that is used according to the problem area and the result required.

There are regular special offers that are regularly updated online. Their Christmas specials are very popular and have many special packages to suit many different requirements. You can contact them online for any of the treatments that they offer and check if there are any special offers for the treatment that you need. With professional staff who are all experts in the treatments offered you can rest assured that you are in good hands!
