The common problem that is faced by people in such a disease condition is that of premature ejaculation. There might a number of reasons for this, but the most important reasons are that of anxiety in the sexual act or such performance anxiety. When people go to the urologist, he will look into the matter and will try to pick up a reason for such a problem. According to the issue, the doctor will give the treatment and also can provide a solution which is somewhat psychological in nature. When this issue is found, the doctors have to be very careful in their dealing because any problem with the urinary tract can be irritating as well as troublesome for the patient. In this condition, a visit to the doctor for discussing the problem is very important.

During the process, people will have to take care of the problem by telling detail about the various symptoms so that the doctor can properly make a clinical diagnosis of the issue. In the process there is sometimes requirement of the various diagnostic procedures so that one can be confirmed at which part the actual disease is found in the entire urinary system. Therefore people who have suspected problems in their urinary tracts should take care to visit the doctor and not let it remain as it is because it might aggravate severely in the coming days. Having the corrections done by a proper urologist (Russian: $\text{Д\text{е}л\text{ь}н\text{о}е\text{ } \frac{3}{4} \text{Д}\text{о} \frac{3}{4} \text{Д}^3$) is therefore important to be found out and a proper clinic of urology (Russian: $\text{Д\text{е}л\text{ь}н\text{о}е\text{ } \frac{3}{4} \text{Д}\text{о} \frac{3}{4} \text{Д}^3 \text{Д.}\tilde{\text{Н}}\bullet$) is to be found out.

There are many such clinics which are found in the communities and this will help people in going to a clinic. These can be either in the form of full-fledged hospitals and or single clinics. Competent doctors are required to settle down for the purpose of finding the disease and more specifically the treatment of premature ejaculation. This is a process that is quite troubling for the patients and therefore, they will have to be taken care with utmost expertise.

During the process of such treatment, a number of factors and associated conditions are to be taken into account and therefore it will be important for the patients to find a competent doctor and not listen to any quacks. Treatment of premature ejaculation (Russian: $\text{Эректильная дисфункция}$, ЭД) is a topic that is not easily said by the patients and therefore they will have to trust an urologist for their problems.
