Septol Sanitation has a selection of fragrant portable toilets by

Article published on March 16th 2012 | [Home Improvement](#)

Septol Sanitation's scented VIP portable toilets are a revolutionary leap forward in portable urinal facilities. These superior quality portable hygiene toilets were the result of years of experience in the portable sanitation industry, and should be the only port of call for anyone who has a need of such facilities.

Founded in 2009 Septol Sanitation has grown from strength to strength and today is considered one of the foremost names in the portable toilets industry. As one of the principal importers of portable toilets Septol Sanitation was in an ideal position to develop and distribute these innovative portable toilets to customers throughout the world.

The process whereby these portable toilets are enhanced with fragrances is as simple as it is revolutionary. The fragrance itself is incorporated into the walls of the unit in the manufacturing phase. This ensures longevity of smell and improved comfort for consistent ease of use that any user can continually enjoy.

In addition to the innovative portable toilets fragrance, each of our units effortlessly blends practical features with a practical design that cannot be matched by any other competing manufacturer. Once you purchase one of these portable toilets you will immediately be aware of the attention to detail that has gone into the carefully crafted design of each of the units that we have for sale.

Each unit has a number of carefully fixed accessories to for ease of use. The portable toilets that we have contain a wash basin, paper towel a soap dispenser as well as a fresh water flushing unit. The hand wash unit in these portable toilets each have a twenty eight litre fresh water capacity tank, and a foot pump with a uniquely designed lock stopper cap. Once the water is drained from the facility it will be collected in a two hundred and twenty seven litre tank for ease of storage, and eventually disposal.
