Three Spectacular GTA New Homes Communities by Jeorge Benson

Article published on April 5th 2012 | Home Improvement

Toronto home builder Oxford Homes has been building stunning custom homes throughout the Greater Toronto area for over 25 years. Today, this custom home builder continues its tradition of timeless design and quality GTA homes built to last. Three developments from Oxford Homes worthy of mention include Adena Ridge Caledon East, Coventry Valley, and Mount Albert homes in Mount Albert Village.

Adena Ridge Caledon East features open concept homes featuring custom kitchens, three-car garages, and hardwood staircases. Models in the Adena Ridge community feature equestrian names such as the Kentucky Derby. Conveniently located in Caledon, these homes are spacious retreats with amenities such as schools and shopping nearby. If you're looking for GTA homes with large lots and spacious designs, you'll want to check out the remaining homes in this gorgeous community.

Not too far away, you'll find Oxford Homes' collection of Newmarket homes in the Coventry Valley development. Each of the models available (Condor, Eagle, Chickadee, Morning Dove, Falcon, and Loon) have been named after birds. When you tour this development, you'll soon see why. Located on a private court, each of these luxurious Newmarket homes is surrounded by nature. Some even include walkout basements. All include the luxurious features this Toronto home builder is known. If you buy before the home builder has erected the home, you can also specify the upgrades you desire along with the colours.

The home builder's Mount Albert homes feature botanical names such as the Hemlock, White Birch, Willow, Autumn Cherry, Cedar, and Holly. The model names instantly conjure up a picture of what this community of GTA homes is all about: country living. Open spaces, spacious home designs, and small town appeal are complemented by luxurious interiors, custom accents, and nearby amenities. These luxurious GTA new homes are more affordable than you may expect and include standard features such as high ceilings, solid oak staircases, brick or stone exteriors, upgraded baseboards, and extended maple cabinets. or on Facebook at www.facebook.com/oxfordhomescanada.
