Toilet tissue - Reliability, Durability and Application by [Alenpaul](#)

Article published on February 16th 2012 | [Home Improvement](#)

Toilet tissue holders are chosen for the way they compliment your bathrooms rather than take them over. Toilet tissue online, at [toilettissue.com](#), is a very easy-to-navigate and understands resource for toilet tissue and toilet tissue holders. Thereâ€™s not much to it, and we at Toilet Tissue.com are aware of that. We donâ€™t seek to make the process any more glamorous or wild than it is. Itâ€™s a tame and comfortable issue, the purchase of toilet paper holders for your business, home, residential facility, or manufacturing plant. People always have to use restrooms and toilet tissue with toilet paper dispensers is always a necessity. Thus, we have created our Toilet Tissue online shop for you to get your business done in a quick and organized fashion.

Toilet Tissue offers a great variety of different brands of toilet paper dispensers. The most trusted brands in America are found here, including Georgia Pacific, Jofel USA, Kimberly Clark, Merfin, San Jamar, SCA/Tork, and Sysco. Toilet Tissue Dispenser we offered have evolved to accommodate high volume jumbo rolls, regular junior rolls, single sheets, center pull, perforated and non-perforated paper. This is ideal for when toilet roll dispensers are not suitable, for example care environments, as the unit provides easy access to the tissue for all users. The unit is available in white or polished and brushed chrome finishes, and both units are strong and durable with a lockable hinged cover to prevent vandalism. The white dispenser is made from plastic and the polished and brushed chrome dispensers are made from stainless steel. There are several others, and if you know your preference, we likely will have it. If you are unsure which brand to choose, you can ask about the different toilet paper holder designs that will often determine your choice, as you try and fit the best toilet paper holder to your bathroom stalls. But if you need further guidance still, sales representatives at Toilet Tissue.com will know how to describe the brands and products to you so that you get the toilet paper dispenser you really need and want for your business. Toilet paper products vary greatly in the distinguishing technical factors: sizes, weights, roughness, softness, chemical residues, "finger-breakthrough" resistance, water-absorption, etc. The larger companies have very detailed, scientific market surveys to determine which marketing sectors require/demand which of the many technical qualities. Modern toilet paper may have a light coating of aloe or lotion or wax worked into the paper to reduce roughness.

Too often, business owners donâ€™t place enough importance on buying toilet tissue holders and they end up having their clients and visitors to their bathroom stalls bumping themselves into doors against the clumsy-sized or clumsily-placed toilet paper dispensers. Toilet tissue.com is well aware of this fact and ensures a large selection for that reason. Additionally, the toilet tissue we offer is soft and durable, yet you donâ€™t need to use too much of it in order to comfortably do the job. The employee satisfaction youâ€™ll get from treating your employees and customers as they should be with the proper bathroom designs will make everyoneâ€™s work experience better, guaranteed.
