Types of External Blinds

by Jenevive Williams

Article published on July 17th 2012 | Home Improvement

Many enjoy spending time on their patio, deck, balcony, gazebo or their garden area. External blinds from Melbourne can be used to cover windows or to enclose your patio creating an outdoor room in the home. Outside blinds made from Melbourne can keep the room pleasantly chilled preventing unbearable heat and regulate the brightness.

By installing your own external blinds, your outdoor space can be functional, comfortable and attractive, giving you and your friends a cool shaded area to relax in. If you want to have a more creative and private style of external blinds, then check their different types listed below:

Balcony External Blinds

Balcony external blinds are the simplest awnings in the market available at a reasonable price. These are attached to the wall with brackets, ceiling or rafters. Unfolded by straightening out its arms made of drawing aluminum profile with internal tension spring designed to provide a convenient and safe operation.

Terrace External Blinds

Terrace external blinds feature a solid and precise design making your terrace look elegant and complete. It is additionally equipped with an aesthetic rain hood that protects the material from bad weather conditions.

Vertical External Blinds

Vertical external blinds are the most in-demand blinds in the market nowadays. They are functional, discreet sun visor for vertical facades and large window surfaces. Vertical blinds provide pleasant coolness in the room therefore they can be widely used in residential buildings as well as in an office.

Marquisette External Blinds

Marquisette external blinds provide an elegant and harmonious look. The first part of a marquisette frame is installed vertically parallel to the window while the second part of the frame constitutes the slanted arm. Marquisettes give a good overshadowing of rooms and keep the room for good air ventilation and visibility.

If you are looking for outdoor patio blinds in the market, it is best to decorate the exteriors of your home with The Blind Factory. They have several types of shutter blinds from Melbourne to you can choose from that will serve as protective shades over your exterior windows and spaces.

If your shade requirement is for window awnings, our experienced design consultants will be only too happy to advise you and help you as you canvas awnings and external blinds in Melbourne to help you make the best decision.
