Waterproof Coatings

Waterproofing is the installation of a water resistant barrier which is designed to prevent water inflowing, or out flowing, from different sections of a building or home structure.

Waterproof Parking Structure

Polycoat Products repaired and waterproofed the below grade concrete surfaces of the parking structure with a durable and long-lasting coating. The Polyurea solutions efficiently and effectively gave them the tough waterproof protection and long term durability they demanded.

Waterproofing

Waterproofing PolydeckÂ® 100

The PolydeckÂ® 100 balcony/walking deck system is for light service and is a liquid applied, moisture cured, urethane waterproof system. The system utilizes an epoxy primer, one coat of an aromatic urethane basecoat, one intermediate coat of an aromatic urethane with aggregate, and one aliphatic urethane topcoat. The PolydeckÂ® 100 balcony/walking deck system is a specialized application of elastomeric waterproof coatings designed to expand and contract with normal structural movements. The PolydeckÂ® 100 balcony/walking deck system can be applied to protect surfaces against spalling, freeze/thaw damage, and chemicals commonly encountered on these surfaces. Installed and maintained properly, the PolydeckÂ® 100 balcony/walking deck system will ensure years of service.

SYSTEM DESCRIPTION

The PolydeckÂ® 100 balcony/walking deck system is for light service and is a liquid applied, moisture cured, polyurethane waterproof system. The system utilizes an epoxy primer, one coat of an aromatic polyurethane basecoat, one intermediate coat of an aromatic polyurethane with aggregate, and one aliphatic polyurethane topcoat. The PolydeckÂ® 100 balcony/walking deck system is a pecialized application of elastomeric waterproof coatings designed to expand and contract with normal structural movements.

The PolydeckÂ®100 balcony/walking deck system can be applied to protect surfaces against spalling, freeze/thaw damage, and chemicals commonly encountered on these surfaces.Installed and maintained properly, the PolydeckÂ® 100 balcony/walking deck system will ensure years of service.
