Beautiful Wall Paintings for Your Living Room by Rohan Sinha

Article published on March 21st 2012 | Interior Design

Making the use of wall painting is found to be the simplest and most effective way to beautify the walls that make them look lively and alluring. It is an art in itself which improves the decor of a room exhibiting the classic taste of the buyer and not to forget, the talent and experience of the painter. For many people, choosing the right kind of wall painting might be daunting task. However, there are few important tips which will definitely help you in decorating your living room with beautiful wall paintings for living room.

Alike paint colors, wall paintings come in various designed and color themes so that you can choose the one perfect for your room. There are numerous factors to consider before you choose to decorate your room. It is important to select paintings matching to the dÃ©cor of the room and the types of the room. Always remember that your painting should greet the rest of the furniture in the room.

Below is the lists of most famous wall paintings being used by people nowadays.

Portraits â€“ This type of wall painting is found to be suitable for bedrooms and libraries and portraits can be simply defined as the paintings of animals and people. Portraits are generally exceptional expressions of the people that are captured by the artist in the form of painting. These portraits were very popular during the days when photography was not in use. Although you might have to spend a little for them, but they will give your living room a complete classic look.

Landscape â€“ This kind of wall paintings include nature and humans both and known as traditional paintings. The landscape paintings are best suited for the walls of your living room. These wall paintings for living room deliver an elegant appeal to the walls.

Abstract - : This kind of wall painting includes abstract paintings which can be of any type of painting including portraits, landscape and so forth. It does not display anything and is more of a modern art. These types of paintings are suitable for rooms with less decoration and modern outlook.

Apart from these paintings, you can also choose your own style depending on your preference and life style. The main thing is that the painting must suit your walls and other interiors of your room. You can also refer to internet to find out the most amazing painting designs and styles for your living room.
