Article published on February 25th 2012 | Interior Design

Closets have become an indispensable part of every home. A home would be incomplete without a closet. People have installed closets in their bedrooms and even their bathroom. Closets are used not only to store your clothes and shoes but also other things you wish to store. A closet prevents your home from having a cluttered look and helps you organize everything.

But having a closet does not mean it is meant to stow away everything a closet can also be used to showcase you collection of clothes and shoes if you have one you can brag about. Reveal closet doors which are made of glass are meant to showcase your closet. You also have the very popular walk in closets where the closet is effectively a small room you can walk into and use to change your clothes. There are also many portable closets which can be moved to any place you wish.

Just as there are many types of closet door ideas there are also several types of closet doors available. You can choose from a variety of doors available in the market for your closet:

1. Foldaway doors â€“ these doors fold down the middle and help you save space when you open the closet door. The bifold closet door is the best example of a foldaway closet door.

2. Sliding doors â€“ sliding doors though fairly new in closet door world is quickly gaining popularity. It is considered to be the best type of closet door and it slides away giving you unrestricted access to everything inside your closet. Closet door ideas also help you save space as they slide behind another door or a wall which means they do not take up space like normal doors do when you open them. Sliding doors are also available in frosted glass and fiber with various designs on them which make them very attractive.

3. Swivel doors â€“ these are the most common doors used on closets and have been in use for many years. They are effective however they take up a lot of space when you open them and could come in way of other people. Many old closets use swivel doors.

There are many custom made closet doors and frames available too which means you can choose to have a closet door that is just about any size and shape. This makes your closet very unique. There are many other closet door ideas available which you can use to enhance the overall look of your closet.
