Foscarini Lights - Style, Safety and Easy to Install by Antonia Peeters

Article published on July 20th 2012 | Interior Design

Ever wondered what could be an effective, easy and cost effective way to remodel that mundane interior of your home or office, or revamp the illumination intensity around your living space for better crime prevention? Well the answer is right here.

Foscarini Tress: Immaculate Ambience Through Floor, Pendant And Table Lamps

The timeless beauty of decorative lighting fixtures is now gracefully captured in clean, elegant designs by Foscarini- to illuminate your living space and add a touch of sophistication to the overall appeal. The interwoven, resin-impregnated lacquered fiber glass imitating the texture of baskets, allows interweaving light and material through alternate patterns of full and hollow space. The Foscarini Tress collection brings soft and warm or bright and cool color effect in a choice of attractive shades-red, black and white, creating surrounding and ceiling bounce-back light option thatâ€™s aesthetic as well as functional.

The unique confluence of light and shadow cast by its woven composite material structure/diffuser creates an ethnic as well as flamboyant effect.

In the floor versions, the electric wire is subdued by the interwoven structure producing a clean, fuss-free, classy and sparse effect-to add to the spaciousness of the area.

Foscarini Havana: The Planning Is Really CFategory Apart

Designed by Jozeph Forakis this slender, tall lamp may be a beauty may match anywhere indoors yet as outdoors. The planning in terms of the shape, light-weight and materiality is therefore distinctive that it's been selected for brand spanking New Yorkâ€™s Museum of contemporary Arts exhibition assortment. The ground lamp with its four polyethylene diffuser parts connected with easy clips to present them the planning of floating in house creates admirable lighting temperament and charm in easy lines and type.

Havana Suspension Lamp

Foscarini Havana pendant lights are customized for each indoors and out of doors-indoor version being detachable into four sections and also the outdoor version being in-built one piece. However, the out of doors version comes with intrinsic grooves to mimic detachability, simply to create it look almost like the initial model. The Foscarini Havana pendant lamps promise energy saving performance with 2 twenty three watt energy saving bulbs specifications. However, for incandescent bulbs you would like one with 150W of power and also the alternative a hundred watts.

With the emergence of high-brightness LED technology and its foray into the style, ornamental lighting manufacture; market leaders like Foscarini are forever striving to deliver new levels of luxury, unrivalled levels of innovative lighting styles complemented by viable LED alternatives for color consistency, improved reliability, reduced prices and energy efficacy.

Pick up Foscarini trends, add comfort, coziness and a splash of non-public vogue and heat to your interiors.
