Article published on April 3rd 2012 | Interior Design

Rugs are generally installed to make the interiors of a home or an office look even richer. They add excellent appeal to the place where they are installed and this is the reason that people generally love the idea of changing the look and feel of floor by installing quality rugs and carpets. There are number of sizes available of these mats in the marketplace. The use of large rugs is highly preferred for the bedroom and living room areas, whereas the small rugs are used for lobby, kitchen and other places of homes where comparatively lesser place is needed to be covered. Apart from installing these rugs, there is an urgent need to maintain their cleanliness and quality. For that purpose, users need to be attentive towards the maintenance of the floor rugs.

Taking care of small and large rugs:

Regular cleanliness is one of the most important parts when it comes to maintaining the rugs. If the carpets are not clean and they have dirt on them, then there is no point of installing them in the room. Using a vacuum cleaner to get rid of the dust is the right choice.

It is also suggested to keep your feet clean while stepping up the rugs and suggested to not wear shoes while walking on then, this prevents the filth to reach to the carpets and they look cleaner.

Cleaning large rugs is a big challenge and specially when there is not vacuum cleaner, in such situation it is suggested to take it out on the garden and clean it with the help of any manual tool.

Be careful and avoid causing any stain on the rugs. If it is caused by nay chance then use warm water to remove it immediately before it gets imprinted their forever.

Thus, no matter small or large rugs if maintained properly offer you the best experience of having lavish and attractive floors ever.
