Article published on January 4th 2012 | Interior Design

This New Year, it is time you gave your home a makeover too. Our home is after all a reflection of what we are and how we live. Therefore, on the New Year if we can make resolutions to give ourselves a makeover, then our homes too deserve one. Donâ€™t you think so? Whyâ€¦ are you wondering about the cost, the manpower management, and above all the planning that will go into it and requires a lot of time from you? If these are your concerns, then be rest assured. We will tell you about a few simple things you can do to change the interiors of your house at minimum cost and minimum hassle. Read below to find out what we are talking aboutâ€¦

If you think that going for a complete redo at one instant may be troublesome, then we suggest you break it up into portions. It is easy to work out a strategy when you break up your work to suit the need of the hour. So let us talk about the first room in your house, the living room as that is the room most exposed to outsiders who would be elemental in the end by providing the right feedback. Therefore, living room it is today!

Now, coming to the most important part, tips. Well, to give your living room an upgrade that does not leave a burning hole in your pocket and gives satisfactory results, there is no better option than laminates wood. Offering a wide range of products like textured laminates, abstract laminates, decorative laminates, compact laminates, laminate countertops, high pressure laminates and many more, laminates wood are the most preferred choice when it comes to decorative furnishings options that are cost effective and fit for multiple usage.

In this case, when we are looking at decorating the living room then our search for the right laminates wood stops at abstract laminates. These are laminates that have a very rich finish and abstract design inspired from the nature and our day-to-day lives. Few examples of abstract laminates are paisley couture, rustics, elegant tweeds, bamboo, fabric, moonstruck pearl, etc. Fit for usage on your living room walls, portraits, tables, and even corners and sit-outs, abstract laminates will give your living room the required definition and depth it was lacking.

Another quick makeover furniture could be laminate countertops. These serve dual purpose of being utility furniture as well as of being a decorative piece. Countertops as you know are horizontal work surfaces around the house and when a coating of laminates sits on it, the look and feel completely changes. Imagine having laminate countertops for your living room corner that has an illustration of your family portrait on it! Yes, with laminate countertops you can avail the custom-made advantage thereby giving your living room a more personal touch.

With this, we have come to the end of this article. You can try these two things for your living room and see what your guests say. For more useful tips and information keep tracking this space.
