Table-Coffee Table by Mariana Nikki

Article published on December 13th 2011 | Interior Design

A coffee table is basically designed to place in front of sofa. Coffee table is also known as cocktail table. A coffee table design is a long and low. These tables are usually found in living room or drawing rooms.Coffee tables are available in different prices, styles and materials these may also have cabinets for storage. There are many coffee tables available in the market price varies. These tables are usually used for serving the tea. These tables are very important and you can see them in every house. The material of tables are different includes wooden, glass and metal.The wooden tables are also popular historically .The wooden tables are more durable than other material and can support heavy items. Many people placed decoration pieces on these coffee wooden tables which look stylish and appealing. These are available in high prices as well low prices.Coffee tables are also made of glass. The top surface is of glass these tables look stylish and modern. You canâ€™t place heavy decoration pieces on glass coffee tables.

In Europe, the first tables specially designed as coffee tables, these are made in Britain during the late Victorian period.Earlier to the late 18th century, the tables used in Europe in combination with a settle integrated occasional tables, end tables, centre tables, and tea tables. By 1780, the high backed settle was replaced by low back sofas and this took to the development of sofa tables could be used by anyone sitting on the sofa to put down a book or a cup.Coffee tables were designed and these are low tables. There are many stylish coffee tables available which include the oak coffee tables, glass coffee table, modern coffee tables, modern & contemporary table, Rustic coffee tables and transitional coffee tables.Coffee tables are very popular and usually placed in drawing room. Every one wants that his or her coffee table which is placed in sitting or living room must be stylish. There are various styles available in coffee tables. Very stylish and up to date tables are very expensive because of their unique designs.

If you want to buy a coffee table you can explore different styles on internet or in catalogues. There are various ranges of tables available. The wood tables with glass top surface are very stylish and the prices are usually high.Coffee tables have big top surface to place many items such as personal. Always buy a good quality coffee table because coffee tables are very important and widely used .its really bad to buy cheap and bad coffee tables because these tables are expensive so check the quality of coffee table before buying it.A stylish coffee table may have good impression on your guest because it shows your taste. A good and stylish coffee table must have enough space to place tea cups magazines, remote, news papers books and wallets. A very small coffee table does not look nice because it has less space to keep the different items.
