Central Point

The central point of the bathroom is the vanity cabinet, with sink, faucet and a large mirror hung above it. Your choice would set the tone of your bathroom so choose wisely. According to experts â€œGreat ways to make your bathroom cabinet special is to keep it clutter free. Use stylish, decorative storage containers on the surface or keep it simple and cleanâ€•.

Splash the Paint

The easiest and quickest way to transform your bathroom is to paint it in bright colors like aqua or red. If you love the subtle tones choose vintage colors like pale pink or deep ochre.

Comfy Linens

What can be more soothing than the feel of soft towel next to your skin right after your shower? Bring that feeling to your bathroom by scouting for the perfect towels. Look for ones that are longer, softer and absorbs moisture.

A bathroom is incomplete without a proper toilet, sink, tub, shower and faucets. Give a modern look to your bathroom by installing bathroom cubicles, restroom panels and toilet accessories. They are made by using high pressure laminates and are available in different colors. They offer better durability and are easy to maintain and are hygienic too!
