Do you ever dream about having a professionally decorated home that is perfect? Now, with the help of vinyl wall art, that dream can move a little closer to becoming a reality! Whether you envision a quote about family on your living room wall, your child's name displayed prominently in her bedroom, or a stylish chalkboard decal in your kitchen, wall decals are the design solution that you have been searching for. Wall decals are the easiest, most affordable, and most appealing way to quickly and effortlessly decorate your home. The art can be used in every room of the house to help you instantly achieve the look that you have always dreamed of.

Let's start with the kitchen. In the kitchen, it is a fun idea to have a chalkboard wall decal displayed. A chalkboard wall decal is exactly what it sounds like, a decal that allows you to write on it like it was a real chalkboard. You can use the chalkboard wall decal to write your shopping list on. Another fun idea is to use the chalkboard wall decal to leave little messages to your family members as they come and go throughout the day. Your kids will love seeing personal messages to them when they get home from school. Another option in the kitchen is to find a wall decal with a quote about food, eating, or a family gathering. You can even get a wall decal custom made to say, "Karen's Kitchen." A personalized quote will add that extra special touch to your kitchen.

Now, let's consider the living room. Wall decals can work wonders in your living room. You can go the quote route again, finding a quote that has to do with the home or families, or you can choose a wall decal that looks like artwork. One of my favorite decals in living rooms are the ones that look like trees. You can place the wall decal so that it looks like your sofa is underneath a tree. I love that look, and I'm sure you will too.

Now that the kitchen and living room are completed, it is time to move on to the children's rooms. The obvious choice in a child's room is to get a wall decal that spells out the child's name. You can also find a lot of fun kid-themed decals to help you achieve the fun room you always wish you had as a child. You can find cartoon decals, sports-themed decals, and even princess decals. Your kids will think they have the coolest rooms in the world once you are done decorating them, and they probably do.Â

We can't forget the bathroom in our home decorating tour. In the bathroom, quotes are always a good idea. You can even find small wall decals that look like canvas artwork to help complete the look in your bathroom.

Every time you enter a room in your home, you will now be able to smile because each room looks complete, thanks to the help of your decals.
