Article published on June 19th 2012 | Internet

From Mumbai news to Nashik news, now you can read news of your choice in your own language through Marathi news online sources. After live Marathi news channel getting huge success, now its turn of print media to capture the nerve of wide spread Marathi audience through sharing online news.

Marathi is the official language of the Maharashtra, a state of India and is spoken by more than 68 million people worldwide. The language is popular for having the fifteenth most spoken language in the world and having the fourth largest number of native speakers in India. As Marathi is language of millions in India as well as in the world, print media do not want to let any stone unturned in reaching the wide spread Marathi audience. The role of local language news papers is more crucial in daily lives of individuals. People find it more comfortable to read news paper in their native languages.

In the present online era, people look for every thing on internet. From grocery shopping to social networking and from office communication to business networking, internet has emerged as vital part of the lives of people across the globe. As number of internet users is increasing day by day, most of the businesses want to capture the large number of audience at internet. With the growing number of people demanding for online news papers, most of the online news papers are making it easy and cost effective to get monthly subscription of online news papers in all local languages. Whether you want to read about latest international games or Hollywood news or a glimpse of Nashik news, you can read news of your choice by easily subscribing for Marathi news online.

Nowadays, most of the news papers have turned digital and all of them are available in all Indian regional languages. Some of the renowned Marathi news papers sharing Marathi news online include Daily Kesari, Dainik Aikya, Maharashtra Times, Tarun Bharat, Pudhari, Divya Marathi, Lokmat etc. As nowadays, people are extensively using electronic gadgets such as mobiles, iPhones, laptops, tablets etc, it has become easier to access news and stay always updated with the latest happenings of the world.
