Cartier-live up our life with its magic power by Leon Winslet

Article published on April 22nd 2012 | Jewelry

If you an enthusiast of the jewelry and diamond, you must be familiar with the distinguished jewelry brand-Cartier. And even though you are a non-enthusiast, you must have heard of this great jewelry brand, since Cartier is one of the most world-famous jewelry manufacturers. As long as I know, many famous celebrities are the loyal supporters of the Cartier products, from the Cartier rings, Cartier necklaces to the Cartier watches. Victoria Beckham and David Beckham, Avril Lavigne and Deryck choose Cartier rings as their wedding rings. As for the Cartier watches, Cartier is known as the first company to make men's wrist watches. And Cartier watches of different series have even won the popularity among celebrities and influential people, such as Angelina Jolie, Madonna and Princess Diana.

Cartier was found in Paris in 1874 by Louis-Francois Cartier, and his three grandchildren improved Cartier to be the worldwide brand. Cartier company was originally established as a jewelry producer, who produced jewelry accessories of all kinds, but then in order to meet the demand of an aviator,Louis Cartier, one of three grandchildren created the first wrist watch for men. Next, I want to talk about some products of Cartier, so that we could have a detailed knowledge of this jewelry giant.

Let's start with Cartier rings. As girls, everyone dreams of being the pretty princess wearing the romantic and gorgeous rings from a handsome prince. Cartier rings are absolutely the romantic rings to realize girls' dream. On you wedding day, you are so happy, because you find your loving prince, who will declare to the whole world the extravagance of his love for you by a Cartier diamond ring. You laugh happily and look so beautiful with a wedding ring unparalleled in elegance and luxury. Cartier diamond wedding rings are painstakingly and precisely crafted by the experienced artisans, besides, it is trustworthy that Cartier jewelry definitely adopt the optimal material, from platinum, yellow gold, white gold, diamond, crystal to the leather. So consumers could totally trust the worth and quality of any Cartier items, and every couple could choose Cartier rings to be the epitomizes and witness of your love, and Cartier rings as a precious treasure own a high value of collection, meaning you love will last forever.

Then Cartier is known as the first producer of men's wrist watch, and the first women's wrist watch was created by Pantek Phillipe. The first Cartier watch achieves a breakthrough in human history, since it opens the era of wrist watches, which replace the comparatively impractical pocket watches in the market gradually. Cartier watches are made of the best materials, which are valued and honorable. The exquisite craftsmanship also makes the Cartier watches proud of being the worldwide top watch brand. As such a great watch brand, Cartier watches have been sought after by a large number of famous people.

So far, Cartier have 200 stores in the whole world and offer varied kinds of jewelry accessories and their beloved wrist watches, which have the highest reputation belonging to the top luxury watch brand.
