Hearts of London offers Hatton Garden Diamond Jewellery at Reasonable Prices

by Editor123

Article published on February 29th 2012 | Jewelry

Hatton Garden diamond jewellery and loose diamonds are revered for their quality, cut and precision. Centre of Londonâ€™s jewellery trade in medieval times and the ultimate address for loose diamonds and diamond jewellery today, Hatton Garden continues to attract diamond jewellery lovers not only from across the UK but also all over the world.

Turn to Direct Jewellers for Respite from Eye-watering Prices of Diamonds and Precious Metal

Ever-rising prices of diamonds and precious metal have, however, hugely disappointed couples wishing to tie the nuptial knot in a regal style while ensuring royal savings. In such a scenario, it becomes nearly impossible for anyone to dream of purchasing Hatton Garden diamonds or diamond jewellery. The only option that remains is either to extend their budget farther or compromise on the quality or size or both of the diamond.

Thankfully, the picture isnâ€™t still absolutely bleak and ray of hope still exists in the guise of direct jewellers such as Hearts of London. Being one of the leading direct diamond jewellers in the United Kingdom, Hearts of London is committed to bringing the best value for your money. For ensuring the same, they have kept the prices of their diamond jewellery pieces just between 50% and 60% of the cost of those of their competitors and worldâ€™s leading jewellery brands. Hearts of London extends a breathtaking range of beautiful and voguish diamond rings, platinum wedding bands, wedding rings, eternity rings, and fine jewellery pieces. While their quality is comparable, their prices donâ€™t carry the brand premiums of their rivals.

Hearts of London has its showroom and workshop located in Hatton Garden where qualified and skilled goldsmiths manufacture Hatton Garden engagement rings, Platinum Wedding Bands, diamond rings and fine jewellery pieces with fastidious attention to detail. Each piece of jewellery exudes the level of precision and effort that goes into manufacturing it.

Hearts of London specialises in GIA Diamonds and Helps Clients Buy Better Diamonds

Hearts of London strongly disapproves of conflict diamonds and unethical mining and specialises in GIA Diamonds that are ethically sourced, guaranteed conflict free and independently certificated by the GIA (Gemmological Institute of America). Online, clients can compare the prices of more than 25,000 GIA diamonds.

To help clients buy better quality diamonds, qualified gemmologists at Hearts of London have prepared a comprehensive diamond education guide, which is available for reference on their website. However, for clients who are reluctant about making such transaction online, personal jewellery and gemmological consultations can be arranged at Hearts of Londonâ€™s Hatton Garden showroom. However, this will require prior appointment.
