Article published on July 20th 2012 | K-12 Education

Mumbai the city of fame is full of energy and a place with lot of new things to explore and enjoy. The weather of the city is bearable all round the year. The city has people living which come from different classes and states. The city has a good name for being home to many well known institutes and Universities. Mumbai has a very large strength of students who graduate from different education institutes every year. If you will check the data, you will notice that there is a very impressive increase in the literacy level of the city.

Some of the well known universities of the city include Indian Institute of Technology Bombay (IIT Bombay), University Institute of Chemical Technology Mumbai, National Institute of Industrial Engineering (NITIE), Jamnalal Bajaj Institute of Management Studies (JBIMS). Not just the colleges but the schools have also earned a name for them. The schools here are either CBSE or ICSE affiliated and are either run by some government body or some private organization.

One of the well known schools is the S.E. International School. It is located at Rokadia Cross Lane, Behind Chamunda Circle, Borivali West, Mumbai, and Maharashtra. The school has an enchanting view and a very comfortable school environment. The teaching and office staff is helping and dedicated. The school also has an online website with elaborate procedures for admission and enrollment. The school infrastructure has best of everything. The K.K. Desai trust which was founded in the year 1989 worked in the field of education and later in the year 2001 founded the S.E. International school. The school envisions providing quality education to middle and lower society peopleâ€™s children who are unable to enroll in top notch and very expensive education institutes. The school has always seen a dream to give their students everything that would help them to reach for the best in their life.

The school has taken all round care of the students here, starting from the safety the school has a smart and active security system for the students. The school provides hygienic and balanced diet to the students, Even the water supply for drinking purpose is clean and cool which is fit for drinking. The class rooms are well ventilated and smartly designed to give every student ample space for study and activity. The school also has different activity rooms for various activities. Not just this it has spacious and well equipped laboratories for different subjects like physics,biology,mathematics,and chemistry. For literature and enjoyment purpose the school also has a large school library which contains many reference and other interesting books.

It is the unending charm of this school that keeps students always ready for new learning experiences. Its dynamic co curricular activities give its students enough boost to perform better in any situation of life. The school also has a very extensive yet comprehensive academic program that not only gives holistic knowledge but also holistic development. The teachers are dedicated and are also proficient in giving personal development education and other study related extra help.
