The first step to learning Spanish is starting with the alphabets, then vowels, then grammar then sentences and so on. At our Spanish Language institute in Mumbai (Thane, Dadar, Vashi, Andheri, Borivli and Ghatkopar) we make sure you understand each lesson or unit before tackling the next. In particular, we take a sequential approach to grammar. For example: If you don't understand how to use direct-object and indirect-object pronouns, you're less likely to understand the concept of reflexive verbs â€“ hence these are covered in the apt order.

Spanish Language Classes in Mumbai teach you word pronunciation appropriately: Poor pronunciation habits can be hard to break but Spanish pronunciation is easy to learn because of the consonants that are pronounced are almost like their English equivalents. Say for example:

CH is pronounced the same as the "ch" in "church.â€•

S is pronounced like the "s" in "simple." You do not give it the "z" sound heard in "wears" and many other English plural words, although it can be slightly voiced (like a soft "z") when it comes before an m, b, d, v, g, l, n or r. Examples: â€œSusanaâ€•.
