Searching for the Experienced Mesothelioma Lawyers Texas? by [Sutherland](#)

Article published on January 20th 2012 | [Law](#)

Statistics show that Texas ranks fifth in the nation for mesothelioma-related deaths. It is also the one state with the largest number of reported cases of mesothelioma. If an individual has worked at a Texan company that used or mined asbestos, he or she might be at risk to develop the disease.

Having mesothelioma can be stressful to an individual and his loved ones. However, as a victim of asbestos exposure, there is a chance to claim compensation for companies responsible for asbestos exposure. Baron and Budd, P.C. provides legal consultation to victims who have been exposed to this deadly carcinogen. This law firm has over 60 seasoned lawyers to fight for victims who have been harmed due to negligence. One should also be comforted by the fact that there are many mesothelioma lawyers Texas available to work on a case and fight for compensation.

Who is at risk in Texas?

Unfortunately, Texas has had plenty of high-risk industries; including petroleum, shipbuilding, construction, railroad and chemicals. A large number of the population worked in these industries. It is not surprising that Texas has high cases of asbestos-related deaths. If an individual has worked in any these industries, he should immediately seek medical diagnosis from a doctor. If he has mesothelioma, the next thing to do is to begin searching for seasoned lawyers for legal advice how to claim compensation.

The lawyers at Baron and Budd have years of experience in asbestos-related litigation. They have worked on thousands of mesothelioma cases all over country. Their track record shows a lengthy list of successfully litigated or settled mesothelioma cases. Mesothelioma lawyers Texas will fight aggressively to win substantial recovery compensation for you. Some of the cases they have won include the Pustejovsky v. Rapid American Corp and Smith v. Atlantic Richfield. If victims want a substantial settlement, asbestos lawyers are available to work on the case. Due to the substantial costs associated with medical care, it is important to seek legal counsel immediately to seek financial compensation after a mesothelioma diagnosis.

A victim may be able to win compensation quickly if he has renowned legal help. Baron and Budd includes seasoned mesothelioma lawyers Texas who know the truth about the asbestos industry and will fight to make them pay for their negligence.
