Do you know that your mobile phone can get you fast cash for small needs? Well, you must know that keeping mobile phone implies that you can use it not only for conversation but also for securing bucks. The advent of instant loans has made it possible to borrow cash just with the help of a simple text message. Sending a message to the lending institute by following all the instructions can let you have cash the time you want it for any purpose.

Instant text loans allow applying for it if you meet the following criteria:

Borrower must be 18 years old or more than that.

He/she must have a valid bank account.

He/she must have regular source of income.

His/her monthly earning must be at least Â£1000.

He/she must be the permanent citizen of UK.

If above mentioned prerequisites are met by an applicant, he or she can apply for instant text loans. To get the cash via these loans you need to register yourself at lenderâ€™s website. For doing so, you just need to fill out an online loan application and submit it. As soon as the application is sanctioned, a confirmation mail will be sent to you, in which you will get a unique pin code. Now it just needs to send this pin code by using mobile phone. Once you do this, your bank account will be blessed with the loan sum.

These loans are very handy for dealing with small or urgent needs as through this loan option you can get cash up to Â£100 for a small period of 7 days. Instant text loans are having many features. Firstly there is no call to pledge collateral hence, you can get it without bestowing any asset or property and secondly there is no faxing hassle therefore, you can get the loan without involving yourself in documentation. Moreover there is no credit checking, it means that bad credit history holders, who are tagged with bad credit score for instance amount outstanding, arrears, defaults, CCJs, IVA, bankruptcy and so forth, can also make the most of these loans without facing any types of denials.
