Article published on January 7th 2012 | Loans

There are times when immediate funds are required and at that time you are already exhausted with your salary. Then, how will you manage all the needs? Are you also facing such a situation? If yes, then just relax as you are at the right place. We, at Same Day Loans Bad Credit offer you same day monetary aid to deal with your problems.

Same Day Loans Bad Credit is a short term loan and unsecured. There is no need of pledging collateral against the borrowed loan. You can use the loan amount for meeting various needs such as for paying sudden medical bills, children school fees, home improvements, car repair, credit card dues, old debts and so on.

There are some criteria on the basis of which you can avail this loan. These are:

â€¢ You need to hold citizenship of UK and have at least 18 years

â€¢ Must be working in an organization and earning fixed monthly income

â€¢ A valid checking account is required

With the help of same day loans, you can avail any amount ranging from Â£100 to Â£1500 to meet your various needs and its repayment is very flexible. You will get 14 to 30 days for its repayment.

As this loan is designed for bad creditors so you donâ€™t have to worry about past credit mistakes. People facing arrears, defaults, foreclosures, late payments, missed payments; bankruptcy etc. can apply this loan easily. So, no need to hesitate.
